LEGAL AND PASSENGER NOTICES

Important notice to passengers travelling to/from U.S

Advice to International Passengers on Limitations of Liability: Passengers embarking upon a journey involving an ultimate destination or a stop in a country other than the country of departure are advised that the provisions of an international treaty (the Warsaw Convention, the 1999 Montreal Convention, or other treaty), as well as a carrier's own contract of carriage or tariff provisions, may be applicable to their entire journey, including any portion entirely within the countries of departure and destination. The applicable treaty governs and may limit the liability of carriers to passengers for death or personal injury, destruction or loss of, or damage to, baggage, and for delay of passengers and baggage.

Additional protection can usually be obtained by purchasing insurance from a private company. Such insurance is not affected by any limitation of the carrier's liability under an international treaty. For further information please consult your airline or insurance company representative.

Security notice

As part of the check-in process, EL AL Security conducts security checks for all passengers at the check-in counters or boarding gates.

Privacy notice

Data protection notice: Your personal data will be processed in accordance with the applicable carriers privacy policy and, if your booking is made via a Travel Agent with its privacy policy. This is available at <http://www.iatatravelcenter.com/privacy> or can be obtained from the carrier or Travel Agent directly as and if applicable. You should read this documentation, which applies to your booking and specifies, for example, how your personal data is collected, stored, used, disclosed and transferred.

Carriage and other services provided by the carrier are subject to conditions of carriage, which are hereby incorporated by reference.

As part of our compliance with new European regulations, we inform our customers that starting October 12, 2025, the Entry/Exit System (EES) will be gradually implemented at the borders of EU member states.

This system is designed to enhance border management by digitally recording entry and exit data of non-EU nationals, including biometric data (fingerprints and facial image), passport details, travel dates and locations, and any refusal of entry if applicable.

The data is collected in accordance with EU Regulation (EU 2017/2226) and subject to the applicable privacy and data protection laws of the European Union. For full details, we encourage you to visit the official EES website: <https://travel-europe.europa.eu/ees>
